Chapter 1: Your Health Care Career

What Is Long Term Care?	2
Long Term Care Facilities	2
Why Are People Admitted to Long Term Care Facilities?	3
Who Provides Care in a Long Term Care Facility?	4
Who Pays for Long Term Care?	6
Who Oversees Long Term Care?	6
What Is the Nurse Assistant's Role in Long Term Care?	7
Understanding Job Functions	7
Working With the Nursing Team	9
Factors That Influence Care	11
A Typical Day in a Long Term Care Facility.	11
Nurse Assistant Assignments	12
Managing Your Time	12
Promoting Your Own Health	13
Your Health Choices	14

Chapter 2: Communication and Customer Service

How We Communicate Counts	20
Verbal Communication	20
Nonverbal Communication	21
Active Listening	22
Validating Communication	22
Promoting Effective Communication	23
Ending a Conversation	23
Special Communication Needs	23
Hearing-Impaired Residents	24
Visually Impaired Residents	24
Speech-Impaired Residents	25
Cognitively Impaired Residents	25
Residents Who Are Depressed, Anxious, or Discouraged	25
Residents with Behavioral Problems	26
Conflict Resolution	27
Effective Communication When Conflict Occurs	28
Successful Conflict Resolution	29
Customer Service	29
Telephone Etiquette	29
Customers	30
What Customers Expect	31
Providing Excellent Customer Service	31

The Family as Customer	32
How Residents Perceive Their Care	32
Customer Service in Difficult Situations.....	33
Your Role with Supervisors, Peers, and Others.....	34
Blending Customer Service into Daily Care.....	34

Chapter 3: Maintaining Quality of Life

Understanding the Resident	40
Psychosocial Development and Quality of Life	40
How a Resident's History Affects Quality of Life	40
Sexuality	42
Understanding the Role of the Family	42
Why Is Family Important?.....	43
What Happens to Families When Residents Are Admitted?	43
Your Relationship with the Family	44
Involving the Family in Care	44
Communicating Effectively with Family Members	45
Family Visits	46
Dignity and Quality of Life	46
Honoring a Resident's Life	47
Activities and Quality of Life.....	47
Resident-Centered Care.....	48
Communication.....	48
Autonomy.....	48
Respect	48
Maximizing Capabilities	48
Safety	49
Observation	49
Infection Control	49
Time Management.....	49
How to Use Themes in Your Work.....	49
Alternative Ways to Provide Care	49
Quality of Life Requirements	50

Chapter 4: Resident Rights

Legal Rights.....	54
Right to Exercise One's Rights	54
Right to Privacy and Confidentiality	55
Right to Information	55
Right to Choose	56
Right to Notification of Change.....	57
Protecting Residents' Personal Funds and Belongings.....	57
Grievance Rights.....	57
Admission, Transfer, and Discharge Rights.....	57
Right to Be Free from Restraint and Abuse	58
Right to a Safe Environment.....	58
Right to Contact External Entities	58

Elder Justice Act of 2010	58
Ombudsman Program	61
Chapter 5: Preventing Infections While Providing Personal Care	
What are Microorganisms and How Do They Cause Infection?	66
The Chain of Infection	66
The Microorganism	66
The Reservoir	66
Portal of Exit	66
Modes of Transmission	67
Portal of Entry into Host	67
Susceptible Host	67
Strategies for Breaking the Chain of Infection	67
Standard Precautions	68
Hand Hygiene	68
Gloves and Other Personal Protective Equipment	70
Linens	73
Environmental Cleaning and Waste Management	76
Equipment Used for Resident Care	76
Preventing Transmission of Bloodborne Pathogens	77
Breaking the Chain at the Reservoir Link	77
Breaking the Chain at the Mode of Transmission Link	77
Breaking the Chain at the Susceptible Host Link	77
Treatment-Resistant Microorganisms	79
Isolation Precautions	79
Transmission-Based Precautions	80
Psychosocial Needs of Residents in Isolation	80
Cleaning, Disinfection, Sterilization, and Asepsis	80
Cleaning	80
Disinfection	80
Sterilization	80
Asepsis	81
Designated Clean and Dirty Areas	81
Providing Personal Care	81
Residents' Personal Preferences	81
Observation and Determination of Assistance Needs	81
Use of Gloves in Personal Care	82
Common Preparation and Completion Steps	82
Bathing	83
Whirlpool Bath	83
Using a Resident's Personal Products	83
Waterless Products	87
Shampooing	87
Oral Hygiene	87
Brushing and Flossing	87
Dentures	87
Mouth Care for Unconscious Residents	93
Grooming	93

Shaving.....	93
Facial and Other Hair	93
Hair Care.....	95
Care of Fingernails	95
Foot Care	99
Assisting with Dressing and Undressing	100
Preparing for an Event	100

Chapter 6: Safety and Emergency Care

Protecting Yourself from Bloodborne Infections.....	108
Hepatitis B and C.....	108
HIV/AIDS.....	108
OSHA Bloodborne Pathogens Standard.....	108
Nurse Assistant Tasks Involving Exposure to Blood.....	109
Sharps Safety Equipment.....	109
Wastes Requiring Special Handling.....	110
Injury Prevention	110
Ergonomics	110
Being Aware Prevents Injuries	110
Rules for Safety	111
Body Mechanics.....	112
Preventing Resident Falls.....	114
Guidelines for Preventing Falls	115
Devices and Equipment Used to Prevent Falls.....	115
Environmental Safety.....	115
Wet Floor and Other Hazards	115
Electrical Safety.....	116
Chemical Safety.....	116
Disaster Preparedness.....	117
Weather-Related Disaster	118
Fire	120
Incident Reporting.....	121
The Nurse Assistant Role in Emergency Care.....	121
What to Do	121
Heart Attack	121
Cardiac Arrest.....	122
Choking	123
Fainting	124
Seizure	124
Stroke.....	125
Burns.....	126
Hemorrhage.....	126
Shock	126
Managing Your Emotions in an Emergency	126

Chapter 7: Documentation and Core Nursing Skills

Gathering Information	134
Residents.....	134
The Medical Record	134

Other Means of Communication	135
Staff, Family, and Friends	135
Policies and Procedures and Privacy Laws	135
Assessing the Resident	135
Resident Care Plan	136
How to Report Information	136
Types of Reporting.....	136
Your Role in Documentation	137
Electronic Documentation	137
Guidelines for Documentation.....	137
Common Medical Terms and Abbreviations.....	138
History and Physical Examination.....	138
Purpose of the History	139
Collecting the History Data.....	139
Nurse Assistant's Role in the Physical Examination.....	139
Techniques Used in Physical Examination.....	140
Taking and Recording Vital Signs	140
Temperature	140
Pulse Rate.....	144
Respiratory Rate	146
Blood Pressure.....	146
Height and Weight.....	150
Monitoring Weight	150
Measuring Height.....	151
Admission of Residents.....	152
Interdisciplinary Approach to Admission	154
How Do You Prepare for the New Resident?.....	154
Greeting a New Resident.....	154
Orienting a New Resident.....	155
Creating a Home in a Long Term Care Facility.....	155
Caring for Residents' Personal Belongings	155
Care of a Resident's Clothes	156
Care of Other Belongings	157
Respecting Residents' Privacy	157
Daily Routines.....	157
Bed Making.....	157
Finishing Touches	162
Call System	162
Transferring a Resident	163
Interdisciplinary Approach to Resident Transfer	163
Preparing for the Transfer.....	163
The Transfer Process	163
Discharging a Resident	164
Interdisciplinary Approach to Resident Discharge	164
Helping Residents During the Discharge Process	164
Day of Discharge.....	164

Chapter 8: Positioning, Moving, and Restorative Care

How Movement Affects Body Systems.....	170
Preparing to Move or Position a Resident	170
Safety First.....	171
Positioning	172
Fowler's Position	183
Moving a Resident from One Place to Another	183
Assisting a Falling Resident.....	191
Restorative Activities	194
Short- and Long-Term Goals	194
Cuing, Prompting, and Encouraging	195
Assistive Devices.....	195
Prosthetic and Orthotic Devices	195
Positioning and Seating Devices	196
Aids for Activities of Daily Living.....	197
Preventing Equipment-Related Injuries.....	197
Exercise	197
How Joints Move	197
Range-of-Motion Exercises	198
Guidelines for ROM Exercises.....	199
Walking with a Resident.....	200

Chapter 9: Nutrition

Assisting with Nutrition	210
Dietary Requirements	210
Food Service Department	211
Residents' Food Preferences	211
Special Diets	211
Making the Dining Experience Pleasant	212
Assisting Residents with Meals	213
Assisting Residents with Dysphagia.....	215
Observation is Important.....	216
Dietary Supplements.....	216
Food and Fluid Intake	217
Evaluating Food Intake	217
Evaluating Fluid Intake	217
Dehydration	218
Residents with Feeding Tubes.....	219
Enteral Nutrition	219
Total Parenteral Nutrition	219

Chapter 10: Elimination

Fluid Output	224
Assisting with Elimination	224
Determining Elimination Patterns	225
Promoting Regular Elimination Patterns	225
Maintaining Residents' Dignity When Helping with Elimination	225
Equipment for Elimination	226

Problems with Elimination	229
Nurse Assistant's Role in Observation and Intervention.....	229
Goals for Caring for an Incontinent Resident	229
Urinary Incontinence	231
Types of Urinary Incontinence.....	234
Toileting Programs.....	234
Preventing Urinary Tract Infections	234
Urinary Catheters	234
Bowel Incontinence	235
Bowel Retraining.....	235
Ostomy Care	236
Types of Ostomy Procedures	237
Providing Ostomy Care.....	238
Collecting Specimens	238
Urinalysis.....	239
Stool Specimens	239

Chapter 11: Aging and Chronic Disease Management

Body Systems.	248
Residents and the Aging Process.....	248
Acute Versus Chronic Problems.....	248
Cancer	248
Infection	249
Inflammation.....	249
Whole-Body Responses	249
Signs and Symptoms of Infection.....	249
Latent Infections.....	249
Integumentary System	250
Structures	250
Functions.....	250
Age-Related Changes.....	250
Preventing Skin Problems	251
Common Chronic Diseases and Problems of the Integumentary System.....	252
Wound Care.....	254
Musculoskeletal System	255
Structures and Functions	256
Age-Related Changes and Important Observations	256
Common Chronic Diseases and Problems of the Musculoskeletal System	257
Respiratory System.....	259
Structures	259
Functions.....	259
Age-Related Changes and Important Observations	259
Common Chronic Diseases and Problems of the Respiratory System	260
Circulatory System.....	262
Structures	262
Functions.....	263
Age-Related Changes and Important Observations	263
Common Chronic Diseases and Problems of the Circulatory System	264

Digestive System	268
Structures	268
Functions	268
Age-Related Changes and Important Observations	269
Common Chronic Diseases and Problems of the Digestive System	269
Urinary System.....	272
Structures	272
Functions	273
Age-Related Changes and Important Observations	273
Common Chronic Diseases and Problems of the Urinary System	273
Nervous System	275
Structures	275
Functions	275
Age-Related Changes and Important Observations	275
Special Senses.....	277
The Eye.....	277
Structures	277
Functions	277
Age-Related Changes and Important Observations	277
Common Chronic Diseases and Problems of the Eye	278
The Ear	279
Structures	279
Functions	280
Age-Related Changes and Important Observations	280
Common Chronic Diseases and Problems of the Ear.....	280
The Other Senses	281
Endocrine System.....	281
Structures	282
Functions	282
Age-Related Changes and Important Observations	282
Common Chronic Diseases and Problems of the Endocrine System	283
Male Reproductive System	284
Structures	284
Functions	285
Age-Related Changes and Important Observations	285
Common Chronic Diseases and Problems of the Male Reproductive System.....	286
Female Reproductive System.....	286
Structures	286
Functions	287
Age-Related Changes and Important Observations	287
Common Chronic Diseases and Problems of the Female Reproductive System	287
Sexually Transmitted Diseases	288
Common Chronic Diseases and Problems of the Reproductive System.....	288
Chapter 12: Advanced and Specialty Care Environments	
Assisted Living.....	294
Post-Acute Care	294
Care of Residents with Diabetes	294

Care of Residents Needing Oxygen Therapy	294
Administering Oxygen Therapy	295
Positioning for Easier Breathing	296
Artificial Airway and Mechanical Ventilation	296
Care of Residents Receiving Dialysis	298
Peritoneal Dialysis	298
Hemodialysis	300
Hot and Cold Applications	301
Heat	302
Cold	302
Care of Residents Having Surgery	302
Preoperative Care	302
Postoperative Care	303
Care of Residents Who Are Developmentally Disabled	305
Intellectual Disability	305
Care of Residents with Alzheimer's Disease and Related Disorders	306
Cognitive Impairment and Dementia	307
Stages of Alzheimer's Disease	308
Your Role in Providing Care	308
Techniques for Responding to Behavioral Symptoms	310
Enter a Resident's Reality	310
Know Your Resident	310
Know Your Resources	310
Communicate Effectively	310
Motivate the Resident	311
Stop When a Resident Resists Your Care	311
Specific Behavioral Symptoms	312
Techniques for Activities of Daily Living	313
Toileting	313
Hydration	314
Eating	314
Dressing	314
Bathing	315
Grooming	316
Mental Health and Substance Use Disorders	316

Chapter 13: Comfort Care and End of Life

Pain Management	322
Understanding Pain	322
Level of Pain	322
Reporting Pain Accurately	323
Resident Concerns and Beliefs about Pain	323
Pain Treatment	324
Promoting Comfort and Sleep	325
End of Life	326
Physical Comfort	326
Mental and Emotional Needs	326
Spiritual Issues	326

Practical Tasks.....	326
Advance Directives.....	326
Feelings About Dying.....	327
Stages of Grief.....	327
End-of-Life Care.....	328
Hospice	328
Helping Dying Residents Cope with Their Feelings.....	328
Comfort Measures	329
Helping the Family.....	330
Religious and Cultural Practices	330
Helping Other Residents Cope with Their Loss	331
Managing Your Own Feelings	331
Signs of Approaching Death	331
Physical Care of the Body	332
Chapter 14: Ethics, Law, and Regulatory Guidelines	
Ethics and the Law in Long Term Care	336
Ethics in the Workplace	336
Code of Conduct	336
The Regulatory Process.....	336
What Is a Survey?.....	336
Long Term Care Survey.....	337
Reasons for Surveys	337
Steps in the Survey Process	337
Your Role in the Survey Process.....	342
Nurse Aide Training Regulations and Competency Testing.....	342
Nurse Aide Registries	342
State Nurse Aide Regulations	342
What is Required to Get a Job as a Nurse Assistant.....	343
How to Apply to Take the State Competency Evaluation.....	343
Preparing for the Competency Evaluation.....	343
Requirements for In-service Education	344
How to Remain on the Nurse Aide Registry	344
Appendix A: Glossary	347
Appendix B: Common Medical Abbreviations	355
Appendix C: Common Medical Prefixes and Suffixes	357
Appendix D: English-Spanish/Spanish-English Glossary of Basic Long Term Care Terms.....	361
Appendix E: Weights and Measures	365
Index	369
